NSW GOVERNMENT FUNDING BOOST FOR LOWER PORTLAND FERRY

Member for Hawkesbury, Robyn Preston MP has helped secure funding from the NSW Government of up to \$500,000 per year for next four years to ensure the Lower Portland Ferry Service remains in operation.

“The Ferry is a vital and important piece of Hawkesbury transport infrastructure. When you travel around the Lower Portland area you understand the linkage this ferry service provides for Police, Emergency Services, families and tradies and the reassurance this service gives to the tourism economy,” Ms Preston said.

Ms Preston further expressed her congratulations to the community for their advocacy and passion in support of the ferry service.

“People power reach the pollies and I want to thank NSW Treasurer The Hon. Dominic Perrottet MP and The Hon. Andrew Constance MP, Minister for Transport and Roads for their generous support.”

“This is a great win for Hawkesbury and especially the good people of the Lower Portland region,” Ms Preston said.

The Hills Shire Council and Hawkesbury City Council have both supported the service and will be writing to Minister Constance to express their appreciation.
